

NEW!

Repurpose Open Spaces with **GamePark Promenade™** Family Fun & Versatile Activities!

- Cruise Ships can convert basketball courts to family entertainment
- Resorts and City Parks can convert tennis courts
- Attract and retain guests for longer periods of time
- Relax with games everyone can enjoy!

GamePark Promenade™ from Adventure Golf & Sports (AGS) transforms open spaces into relaxing entertainment options for the whole family. Features a landscaped park-like setting with pathways to access lawn games, putting greens, benches and more. Custom design could allow for group activities, health / fitness classes or perhaps watching movies on an outdoor screen.

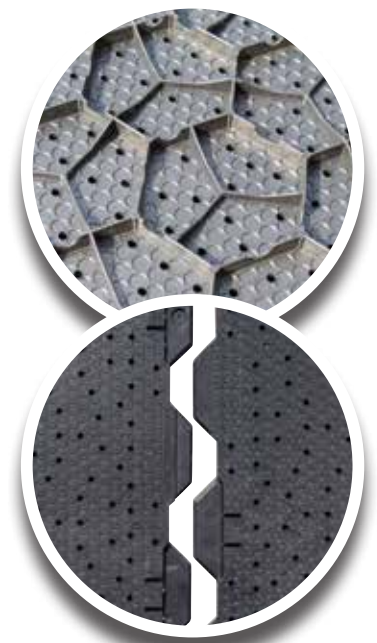

- Installed using patented, interlocking modular panels that are permeable for water drainage
- Proprietary anchoring system used for installations on cruise ship decks or rooftops to withstand extreme wind and weather conditions.

While the design can be customized to any space or budget, the introductory concept is the size of a basketball court and includes six (6) AGS family lawn games with associated player equipment for:

- Giant Checkers/Chess Board,
- 2 Bocce Courts (or 1 Bocce and 1 Croquet Court),
- 1 Bamboozle™ Mini Golf (a new fun putting game),
- 2 Bean Bag Toss games,
- 2 Bimini Ring Toss games,
- A Practice Golf Putting Green.

The open space concept also allows for other activities such as Yoga, picnics, cocktail parties, and birthday celebrations. The cluster of outdoor games are traditional AGS products already widely in use on cruise ships and at hotels, resorts, retail centers, retirement communities and other facilities.

Contact us today for pricing and how GamePark Promenade can be customized for your venue.

Interlocking Panel System is designed for quick, easy drainage.
